Abstract: Three species *Camellia oblata* Chang ex P. T. Li, *C. shensiensis* Chang ex P. T. Li, *C. longicarpa* Chang ex P. T. Li, are validly published here by designation of holotypes.

Key words: *Camellia*; Holotype; Nomenclature

CLC number: Q949 **Document code:** A **Article ID:** 1001-411X(2003)04-00118-01

1 *Camellia oblata* Chang ex P. T. Li, sp. nov. (Theaceae).

TYPE: China, Guangxi, Shi-Wan-Da-Shan, Guangxi Institute of Forestry 5357(holotype, For. Inst. Guangxi).

Camellia oblata Chang was described in Tax. Gen. *Camellia* 30-31 1981. Two specimens, C. L. Tso 23646 and Guangxi Institute of Forestry 5357, were cited as syntype without indication of the holotype for the name *C. oblata*.

2 *Camellia shensiensis* Chang ex P. T. Li, sp. nov. (Theaceae).

TYPE: China, Sichuan, Baibei, Jinyunshan, Z. W. Yao 3410(holotype, PE).

Camellia shensiensis Chang was described in Tax. Gen. *Camellia* 39. 1981. Two specimens, Z. W. Yao 3410 and H. T. Chang 5122, were cited as syntype without indication of the holotype for the name *C. shensiensis*.

3 *Camellia longicarpa* Chang ex P. T. Li, sp. nov. (Theaceae).

TYPE: China, Sichuan, Emeishan, Y. X. Hsiao 48217(holotype, SCBI)

Camellia longicarpa Chang was described in Tax. Gen. *Camellia* 154, 1981. Two specimens, Y. X. Hsiao 48217 and G. F. Yang 53898, were cited as syntype without indication of the holotype for the name *C. longicarpa*.

中国山茶科植物一些种的确认

叶脉, 张粤, 李秉滔

(华南农业大学 林学院, 广东 广州 510642)

摘要: 根据新版国际植物命名法规(2000 美国圣路易斯法规)规定, 凡是 1858 年 1 月 1 日以后发表的新分类群如同时指出 2 个模式者, 不算构成合格和合法发表, 现查 1998 年出版的中国植物志(第 49 卷, 第 3 分册)山茶科中有 3 个分类群是以 2 个模式标本发表的, 属不合法种名, 为了符合国际植物命名法规规定, 本文新确认了这些不符合法规的植物种的主模式(holotype), 并给予合格和合法发表。

关键词: 山茶属; 主模式; 系统命名法
